

Dear Principal,

Season's Greetings from Odisha Adarsha Vidyalaya Sangathan!

Hearty congratulations, for being the Change Maker. Your effort has facilitated in leveraging OAVS to become one of the best in the country. You are the vital pillar who will enable us to achieve the Vision, Mission and Objective of OAV and of the State.

The All India Secondary School Examination (AISSE) 2020 conducted by CBSE is round the corner. Along with the examination of our children, the time has come for our self-examination. I am sure you must be working hard to bring about the best in each child of your respective OAV. However, let us all gather our will power, patience and determination to work with a vision of achieving 100 percent result in AISSE 2020.

This implies, not a single child in any of the OAV is unsuccessful in the ensuing examination. Achieving this goal requires concerted and collaborative effort by the entire group of teachers and staff. This should not a personal goal, rather a group goal of all faculty members of your OAV.

As a quick measure, let us take some significant steps, based on the learning outcome and the pre-board assessment of individual student.

Minimum Learning Programme

The Minimum Learning Programme (MLP) is for students who have secured less than 40% in the pre board examination. Subject Teachers need to prepare content for MLP or can collect the same from Academic Consultant, OAVS. The content will also be uploaded in the Enterprise Resource Planning (ERP) for easy accessibility.

Achievers Programme

We need to have a programme devised for students who have scored more than 80 percent in the pre board examination. These students should be guided and mentored so as to achieve a target of more than 90 percent in the Board Examination.

Mentorship Programme

To give special emphasis to each child, a Mentor Teacher needs to be identified for a group of ten children. The teacher will guide the students and inspire them to do their best. Your role will be to identify the teachers and supervise the mentoring

Our vision is to ensure 100 percent result in AISSE 2020, and our sole focus should be to provide proper handholding support and encourage both teachers and students to give their best effort. I am confident your leadership and dedication along with the committed workforce will help us to achieve our vision.

"Let's Build a Better Odisha through Education."

Thanking You,

Dr. Bijaya Kumar Sahoo
Advisor cum Working President
OAVS
