MESSAGE

The spirit of our education is characterized by 'Ananda' the eternal happiness, 'Jigyasa' the inquisitive mind, 'Sadhana', discipline and dedication, and 'Shradha' denoting complete devotion. When all four elements combine together, true wisdom is imbibed in the minds of the learner.

Odisha Adarsha Vidyalaya Sangathan (OAVS) has been working incessantly in this direction in shaping the future leaders with true wisdom. I am sure, the OAV website will be of a great help in bringing in transparency and transforming the functioning of Odisha Adarsha Vidyalayas (OAVs).

All my best wishes to the OAVS for all their future endeavors. This is a humble beginning, with the sole objective of taking quality education in Odisha to the next level. Come, let's build the new Odisha of our dreams and empower every child with the power of education.
